Fondata in Via dei Fossi nel 1976 da Riccardo Barthel per dare voce alla sua creatività, da piccola azienda diventa presto una realtà con 30 collaboratori pur conservando la sua tipica atmosfera di piacevole familiarità. Nel 1994 la Riccardo Barthel si trasferisce nell'oltrarno fiorentino riunendo lo studio di progettazione, i laboratori e lo showroom all'interno di un unico luogo di grande stile, mettendo a disposizione del cliente professionalità diverse. Dal 2001, la sede di Forte dei Marmi, realizzata in un ex rimessaggio di barche, affianca quella di Firenze. Una delle anime più forti dell'azienda e che ha concorso a renderla celebre è la divisione Brocante, la continua ricerca di pezzi unici, segnati dal tempo, che grazie al sapere degli artigiani vengono restaurati o rivisitati in chiave contemporanea.

Riccardo Barthel sviluppa il proprio campo operativo fino a specializzarsi nella progettazione e nell'esecuzione di arredamenti chiavi in mano per abitazioni private, alberghi, ristoranti e negozi. Dal 2003 l'azienda si dedica alla realizzazione di attrezzature ed elementi di arredo e alla riproduzione di modelli originali destinati alle imbarcazioni storiche e di nuova costruzione. I risultati eccellenti sono frutto dell'abilità di anticipare le tendenze e della bravura dell'equipe di progettisti e artigiani che operano in totale sinergia.

La vocazione di Riccardo Barthel alla cura per i dettagli e la conoscenza delle tecniche tradizionali portano alla realizzazione di una propria linea di accessori, maniglie e lumi. I prodotti si fondono perfettamente negli ambienti Barthel, rispettando i canoni del suo stile: l'eleganza discreta, dettata dalla pulizia delle linee, i materiali ricercati, e il carattere senza tempo di ogni oggetto.

Founded in 1976 in Via dei Fossi by Riccardo Barthel to speak its own creativity, from a small company it soon becomes a reality of over 30 collaborators, strongly keeping its typical familiar atmosphere. In 1994 Riccardo Barthel moves to the Florentine Oltrarno, gathering the design studio, the laboratories and the showroom in a single place of unique style, hence offering to clients multiple expertise. In 2001, a new space is open inside an ex-boatyard in Forte dei Marmi. One of the strongest specialty, that has also contributed to make the company acclaimed, is the Brocante division, the continuous research of uniquely aged pieces, that are restored or renovated by the artisanal experience.

Riccardo Barthel develops its operating field to specialize in the design and development of turnkey projects for private houses, hotels, restaurants and shops. Since 2003 the company operates in the realization of equipment, interior fittings and in the reproduction of original models for classic and new yachts. Excellence is the result of the ability to anticipate trends and of the reciprocity between designers and artisans.

Riccardo Barthel care for details and artisanal knowledge lead to the creation of an inhouse line of accessories, handles and lights. The products perfectly melt within Barthel environments, respecting its style code: the fine lines, the sought-after materials and the timeless nature of the objects.

Realizziamo i nostri prodotti attraverso la lavorazione e la trasformazione del legno e dei metalli, principalmente dell'ottone, utilizzando le tecniche di tornitura, di tiratura, di incisione e di fusione. Le lavorazioni meccaniche ad alta precisione ed i manufatti in legno, vetro e ceramica, portano alla realizzazione sia di ambienti che conservano la tradizione, sia di ambienti contemporanei e funzionali per soddisfare le esigenze e le passioni dei nostri Clienti.
